Executive and Life Coaching

Fees & Policies

Generally, executive and life coaching services can be customized to best support your needs, and cost varies directly with the amount of time you request, and the experience and qualifications of your coach.

I am a very experienced, well-known and certified coach, with a strong business background, and a history of great results.

Individual Fees

For individuals (and new coaches) 1 to 1 coaching services with me start from as little as **HK\$4,500 for a set of 3 sessions**, which lasts the average person 4 to 6 weeks. And you can actually spread your coaching sessions out over a longer time frame to lower the monthly cost. (I also offer many group programs that greatly reduce the monthly costs of working with me.)

Business Owners, Professionals, Entrepreneurs & Executives Fees

For business owners, professionals, entrepreneurs, and executives who benefit from more frequent or longer calls - and specific business, management and leadership support and mentoring - **services range from HK\$5,000 to HK\$10,000 per month**.

Generally

I do not require any contracts, but I encourage Clients make a mental commitment, to themselves, for at least 3 months of coaching. Most Clients choose to continue in their coaching relationship for between 6 months to 4 years, simply because of the benefits they realize in their lives.

I don't coach with a stopwatch. Unlike most coaches, I do not book clients back-to-back, so I don't have to end a coaching call until we are truly finished discussing what is important to you.

Finally you might consider coaching as an investment in your most important asset...**YOU**. And if you work with me, I can assure that your time will not be wasted. In fact, it's my hope that it will turn out to be the best

investment you ever make. (Independent studies have shown the average return on investment on coaching to exceed 500%, with a 98.5% overall client satisfaction rate.)
